A close-up photograph of a hand holding a piece of white chalk, writing mathematical equations on a dark green chalkboard. The equations are written in a cursive, handwritten style. The text "Light market analysis" is overlaid on the image in a white, sans-serif font, centered horizontally and partially obscuring the chalkboard content. The background shows various mathematical expressions, including terms like $3a(y+z)^2$, $3y + (4 + 4A(x + ...)$, $\frac{1}{3}(y+A)$, and 39 .

TRADE AREA

A detailed map of the Edison, New Jersey trade area. The map shows a network of major roads including I-195, I-276, and US-1. Key locations marked include Rutgers University Busch Campus, HighPoint Solutions Stadium, Edison High School, and various parks like Dismal Swamp Preserve and Thomas A. Edison Park. The map also shows the proximity to the New York City area, with the Hudson River and New York State Thruway visible on the right side.

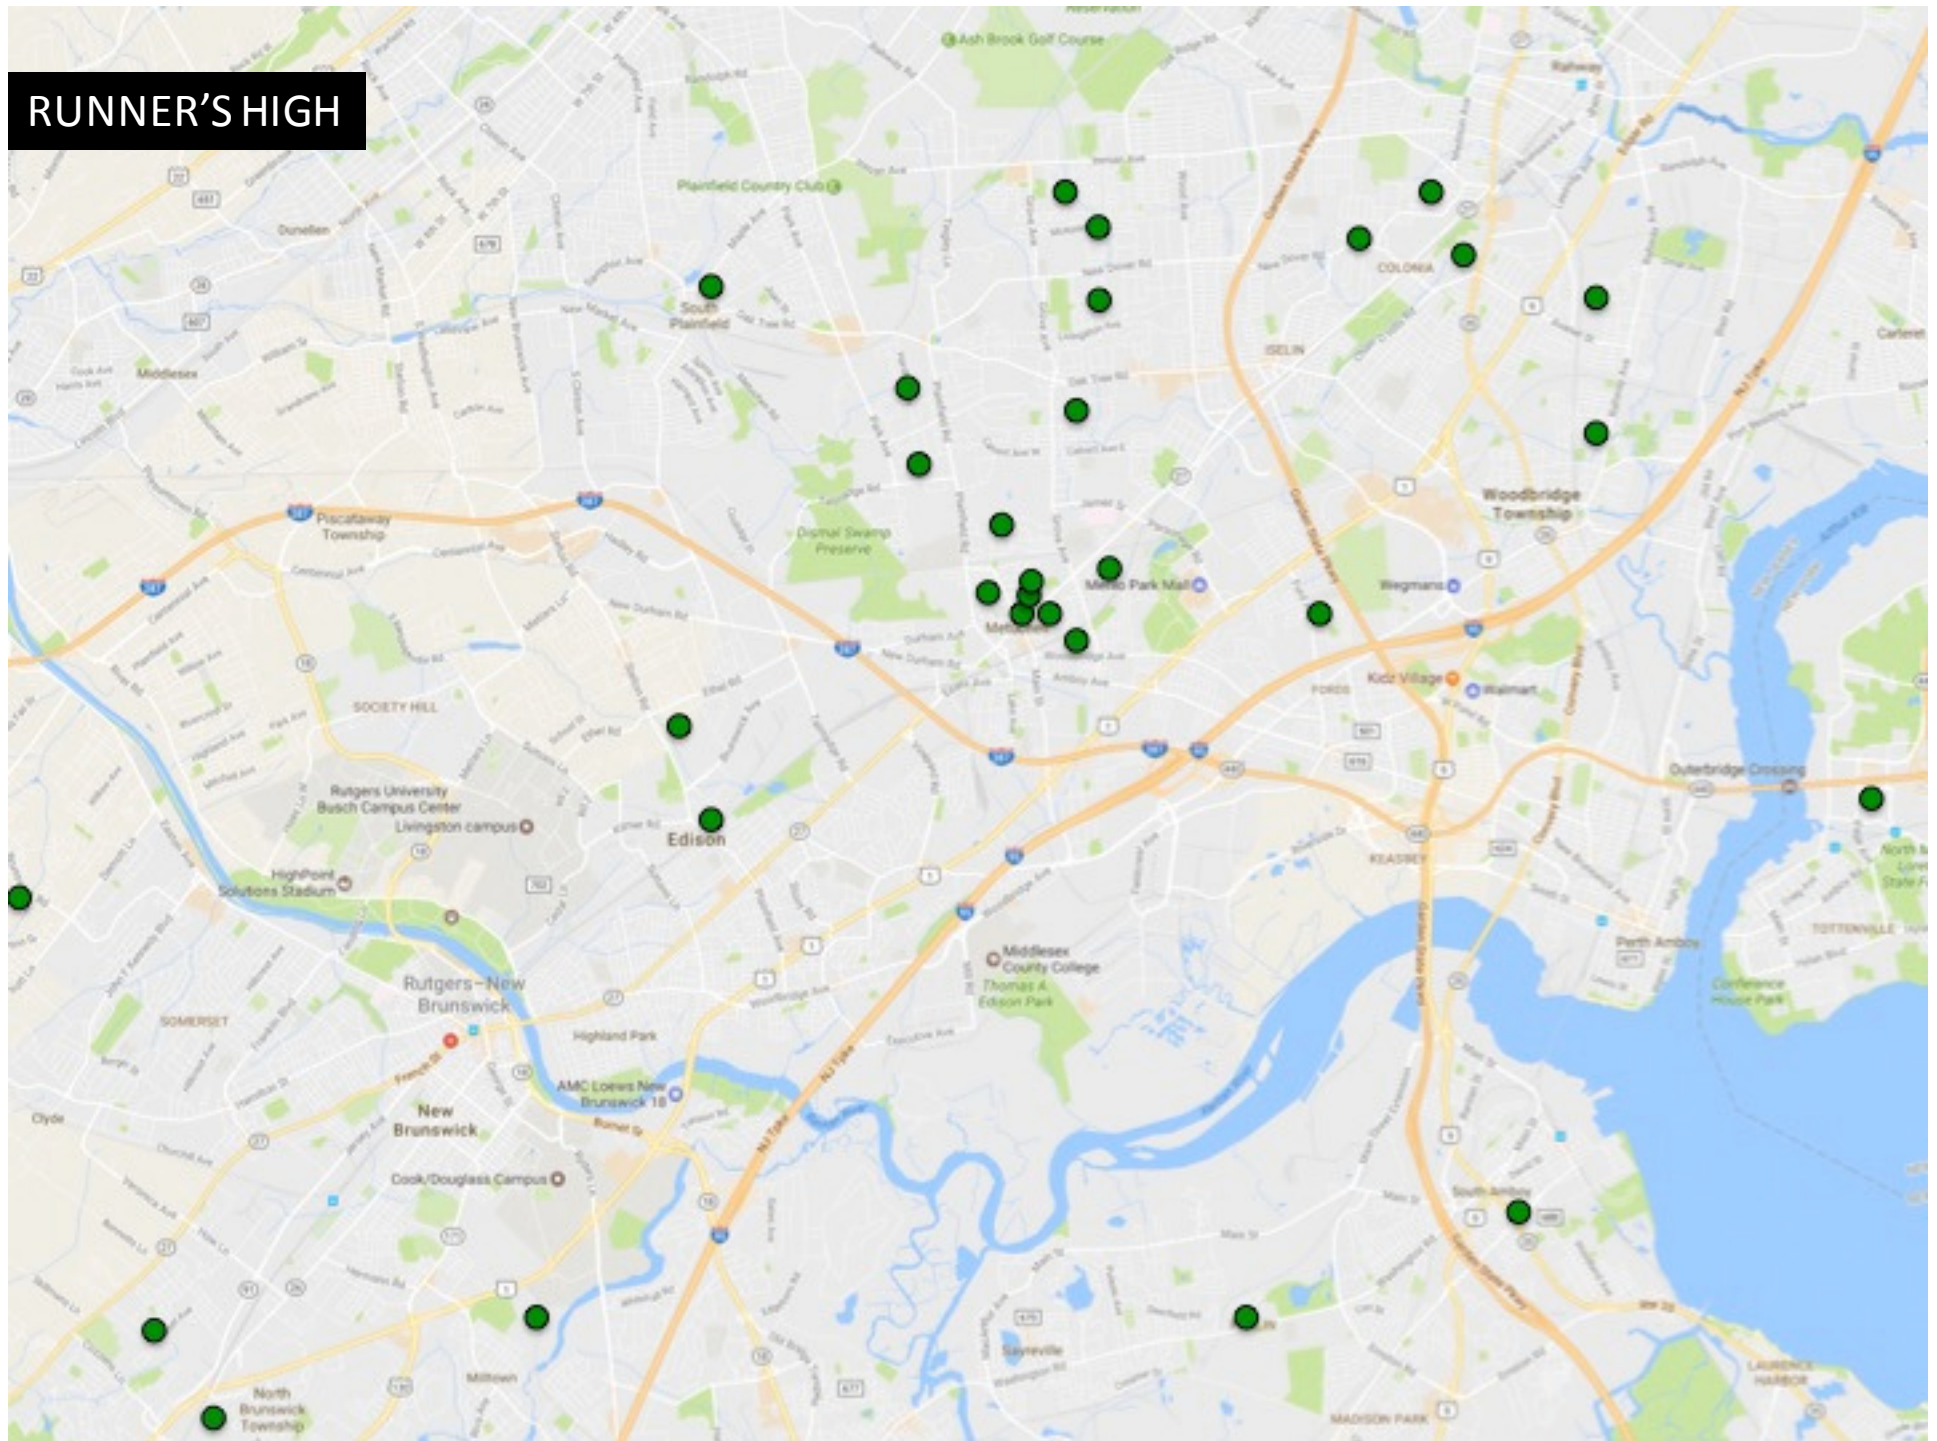

2 CHICKS WITH CHOCOLATE

A detailed map of the Edison, New Jersey area, showing the locations of 15 fair trade vendors marked with blue dots. The map includes major roads like I-95 and I-26, and landmarks such as Rutgers University and the Raritan River. The vendors are clustered in the central part of the map, near the intersection of I-95 and I-26, and are spread out across the Edison and Woodbridge areas.

Salt of the Earth

6B

Households: 3,517,000

Average Household Size: 2.58

Median Age: 43.1

Median Household Income: \$53,000

WHO ARE WE?

Salt of the Earth residents are entrenched in their traditional, rural lifestyles. Citizens here are older, and many have grown children that have moved away. They still cherish family time and also tending to their vegetable gardens and preparing homemade meals. Residents embrace the outdoors; they spend most of their free time preparing for their next fishing, boating, or camping trip. The majority has at least a high school diploma or some college education; many have expanded their skill set during their years of employment in the manufacturing and related industries. They may be experts with DIY projects, but the latest technology is not their forte. They use it when absolutely necessary, but seek face-to-face contact in their routine activities.

OUR NEIGHBORHOOD

- This large segment is concentrated in the Midwest, particularly in Ohio, Pennsylvania, and Indiana.
- Due to their rural setting, households own two vehicles to cover their long commutes, often across county boundaries.
- Home ownership rates are very high (Index 132). Single-family homes are affordable, valued at 25 percent less than the national market.
- Two in three households are composed of married couples; less than half have children at home.

SOCIOECONOMIC TRAITS

- Steady employment in construction, manufacturing, and related service industries.
- Completed education: 42% with a high school diploma only.
- Household income just over the national median, while net worth is double the national median.
- Spending time with family their top priority.
- Cost-conscious consumers, loyal to brands they like, with a focus on buying American.
- Last to buy the latest and greatest products.
- Try to eat healthy, tracking the nutrition and ingredients in the food they purchase.

College Towns

14B

Households: 1,104,000

Average Household Size: 2.12

Median Age: 24.3

Median Household Income: \$28,000

WHO ARE WE?

About half the residents of *College Towns* are enrolled in college, while the rest work for a college or the services that support it. Students have busy schedules, but make time between studying and part-time jobs for socializing and sports. Students that are new to managing their own finances tend to make impulse buys and splurge on the latest fashions. This digitally engaged group uses computers and cell phones for all aspects of life including shopping, school work, news, social media, and entertainment. *College Towns* are all about new experiences, and residents seek out variety and adventure in their lives.

OUR NEIGHBORHOOD

- These are nonfamily households with many students living alone or with roommates for the first time.
- This segment is a mix of densely developed student housing and dorms with local residences.
- Off-campus, low rent apartments comprise half of the housing stock.
- Over three-quarters of the households are renter occupied, with one in ten remaining vacant.
- One-third of homes are single family; mostly occupied by local residents who own their homes.
- This market is bike and pedestrian friendly.

SOCIOECONOMIC TRAITS

- Their limited incomes result in thrifty purchases.
- They do not eat the healthiest foods, nor do they see a doctor regularly.
- They dress to impress with the latest fashions of the season.
- They prefer environmentally friendly products and vehicles that get good gas mileage.
- They're heavily influenced by celebrity endorsements and trends in magazines.
- They feel anything that can be done online is easier than in person.
- They have liberal political views.
